

The AFL-CIO question: AMFA is not an AFL-CIO affiliate

If being an AFL-CIO affiliate was so powerful, where was the great and powerful organization when we needed them most;

1995 AA pilot strike

2003 TWU greatest concessionary contract

2006 AA reduced pension funding obligation legislation

2011 AA bankruptcy hearings

2012 loss of pensions and retiree medical

2012 outsourcing heavy maintenance to China

2019 Temporary restraining order against AA mechanics

Loss of Over 7000 jobs and still gave concessions

The AFL-CIO was nonexistent and a non-factor. Stop telling us how great they are!
